

Technical features	T 2500H
Engine	Honda GX160
Rotation speed	3000 rpm
Max. power output	2,2 kVa / 10a 12 Vdc
Frequency	50 Hz
Starting	Electric
Noise level	60 dBa @ 7m
Max fuel consumption	1.2 Lt/h
Dimensions	53x38.5x29 cm
Weight	50 kg.

Dometic T 2500H Petrol

Dometic T 2500H is an unleaded petrol generator for 230 V AC. The well proven, reliable powerpack comes with a robust stainless steel cabinet. Compact in size and amazingly lightweight, it provides 2000 W on a continuous basis – fine for supplying several electrical devices at the same time. Additionally, it features a 12 V output for battery charging (at 10 A max.) and a remote control panel to be fitted in the passenger compartment. Petrol tanks, exhaust extensions and silencers are available as accessories.

Dometic T-series generators give you a high continuous output rating, which makes them suitable as a power source for Dometic air conditioners. Their robust stainless steel housing is sound dampened for quiet operation. The reliable power packs are supplied complete with remote control and fixing materials for hassle-free installation.
